

Outreach Support Worker

Did you used to be an essential worker, but changed career?

Has clapping for carers inspired you to get back into the sector?

Do you want to work for a supportive charity who value their staff?

We are looking for passionate Outreach Support Workers to join our organisation to provide support in the local community to adults with mental health needs, learning difficulties or who are vulnerable in some way

This role is suitable for candidates with experience in the Health and Social Care sector and will be particularly relevant for those people who want to be able to spend meaningful support time with their clients.

Due to the nature of the role, candidates must have a full driving licence and access to a vehicle for use during their working hours. Mileage and travel are paid and we operate a TOIL system to allow for some flexibility in working patterns. This is a salaried post based on £9.30 per hour with guaranteed full and part time hours available to suit you (minimum 16 per week).

Our support focuses on a person centred, reablement approach at all times, ensuring client choice and involvement to improve clients' quality of life; as such the role does not involve any medical or personal care. Support may be delivered in clients' own homes, or in the community enabling clients to access activities and services.

Some of your daily tasks will include but are not limited to:

- Deliver support in a range of areas, including financial; daily living skills, meaningful activity, improving health and wellbeing, housing, & social skills
- Maximise use of local resources including community networks, assistive technology, signposting, aiming to reduce reliance on paid support
- Communicate effectively and champion supportive teamwork
- Work in a safe way for yourself and others, following health, safety and safeguarding legislation, policy and procedures
- Manage your time when required and be flexible to the client and service needs
- Complete client related paperwork Inc. support plans, risk assessments and distance travelled tools
- Take the lead role in monitoring identified clients, ensuring outcomes are met and the service is meeting needs
